- Blending grammar instruction with other language skills—such as reading, writing, and vocabulary exercises—so that learners acquire grammar as a functional tool for communication, not just as a set of abstract rules.
- Group and pair work to encourage interaction.

Attendance:

Attendance of at least 70% is compulsory to take the final achievement test and receive a certificate of participation.

Final Assessment:

A pen-and-paper test will be scheduled at the end of the course to evaluate whether the learners have assimilated what has been taught. This will include various types of exercise, such as gap-fills and sentence transformation.

Materials:

Materials will be uploaded to Dolly on a module-by-module and week-by-week basis. Students are required to bring their own devices to class, as no handouts will be provided. Activities will be adapted from a range of sources, and will be available as PDFs uploaded to Dolly. Various websites will also be recommended for individual practice and revision.
