

# Free English Exam Practice

## PSI Services are developing a new English test and we need your help!

Are you learning English in order to study at college or university? Then pretesting may be of interest to you.

### Benefits for students

This is a great opportunity to receive a measure of your English language competence and level. You will also be helping PSI by contributing to the development of a new test!

You will get:

- A score for your speaking, listening, reading and writing skills
- An indication of your CEFR level

This opportunity is available to international students at CEFR level B1, B2, C1 or C2.

### What students will be asked to do

You will take the tests on your individual laptop or computer at home, following these steps:

- Register to take the pretest at a time that suits you
- Access the tests via a URL you will be given
- Complete the four sections of the test (Speaking, Listening, Reading, Writing) which will take approximately 2.5 hours. PSI have a live online proctoring tool so you will be supervised as you do the tests
- Complete a survey

You will receive your result in a few days. You will **NOT** be able to use this result as part of any application for further study or for work or visa.
